Burning Man (Gideon and Sirius, #1) by Alan Russell

2nd by Alan Russell, but NOT the last I'll read! Didn't go in any sort of order, first listened to Guardians of the Night, and just finished Burning Man... can't wait to get all in the series. I love Russell's writing and wit; and couldn't have gotten a better narrator the Jeff Cummings to bring the story and that quit wit to the listener.

Burning Man - Alan Russell

You get clear impression that Alan Russell is a dog lover, the interaction between Sirius and Gideon is very well written and observant. Sirius felt very real, but perhaps not special enough. My opening impression was that the Special Cases Unit would indeed have some special cases to investigate, but in reality the two cases felt a little normal and almost secondary to Gideon's personal story.
