### **Bing: Intek Engine Troubleshooting**

Replacing the fuel and cleaning the carburetor and spark plugs can often fix the issue. If not, the problem may be the engine's valves and compression system, which may require professional repair. Briggs and Stratton engines can run roughly once started, stalling out during use. This may also be the result of stale fuel or a dirty engine. A thorough cleaning of the engine's parts along with the replacement of the fuel and oil often fixes the problem.
