My InterpretationIn my opinion, this song is about a girl who is in love with a guy but he doesn't like her that much but don't wanna hurt her feelings "I'm sorry I met you, darling".Maybe they had had a short relationship, with different expectations. The meeting place could be somewhere that reminds them both about how they were before and how they're feeling now about each other.

The meeting place  
But her heart had led her there  
She clings to his consciousness  
Wherever he lays  
He struggles to sleep at night  
And during the day  
He's worried she's waiting in his dreams  
To drag him back to the meeting place  
His love had left him there  
Where her voice still echoes  
"I'm sorry I met you  
darling I'm sorry I met you"
